

## PARISH COLLECTION AND FINANCE

Dear Parishioners, I've had several enquiries about making contributions to the parish from parishioners who have realised that the parish income is currently taking a massive hit. I am very much aware that for some of you, finance is going to be a major problem for you and your families in the current situation.

Some of you will be extremely anxious about how you will feed yourselves and your families and for some of you, even the roof over your head may not be secure. I am aware of this and I am not asking you for money or trying to make you feel uncomfortable.

However, there will be others of you who will feel that you are able to make your usual contribution to the parish, or at least make an occasional donation.

If you want to make a donation by bank transfer, then the parish account details are:

**TSDT The Good Shepherd. Sort code: 205534, and Account Number: 50869627.**

A number of parishioners already donate by standing order. This is an advantage to the parish and is a convenient method of contributing. If you are eligible to 'gift aid' your contribution, then the extra income that this generates for the parish is considerable and we would be grateful for it. You will find a standing order form listed on the newsletter page of the website. We will be grateful for anything you are able to give.

With grateful thanks, Fr. Peter
