Dear Friends,

The Christian faith is, in the first place, all about what God has done and continues to do for us, before it is about any response that we might make. The initiative which God takes on our behalf is referred to as grace—an unsolicited, unexpected, and unmerited supernatural assistance which is offered to everyone.

This grace is made available to us through the death and resurrection of Jesus which defines forever the destiny of the human race, and which comes to each person individually as an invitation to receive a new life in the Spirit.

The sacraments are moments of encounter with the Risen Lord, who reaches into our lives to heal, restore, and elevate all that which prevents us from knowing and experiencing the love of God.

What we have to do, is to say 'YES' to allowing the Lord to do whatever he will in our lives, because he knows us better than we know ourselves, and he knows what future we need to be prepared for.

The grace of the sacraments, when not resisted, draws us like a magnetic pull, evermore deeply into the life of the Church, and in turn, we desire to bring others into what we have received.

Come along—and bring a friend or someone who you know will benefit!
